

# #WT-GS Wind Twirler

## ASSEMBLY INSTRUCTIONS

### #WT-GS Wind Twirler Ground Stand

1. Inspect the sign for possible damage during shipping.
2. Attach the ground stands to each side of the wind twirler frame with the hardware included.
3. Secure hardware - (see illustration)
4. Anchor the ground stands sufficiently to the surface - we suggest the method of anchoring be to the extreme to prevent possible wind damage.  
(no hardware included for anchoring)
